Who are we? The International Neuro-Urology Society (INUS)

The International Neuro-Urology Society (INUS) is a medical scientific non-profit organisation with the aim to sustainably improve and promote the medical care for patients suffering from neuro-urological disorders worldwide.

All researchers and health care professionals who deal with neuro-urological patients or research projects are eligible and welcome to apply for membership. If you are interested in becoming a member of the INUS please visit the society's homepage www.neuro-uro.org.

Those under 36 years of age can register for free.

Companies, institutions, foundations or individuals who are interested in supporting the society can become a partner of the INUS.

Please contact us to become a partner: info@neuro-uro.org

World-class medicine for better quality of life

Swiss Continenence Foundation

The Swiss Continenence Foundation (SCF) is a non-profit organization founded in April 2011 with the goal of supporting and advancing research and education in the field of Neuro-Urology and functional urology.

A central issue of the foundation is the considerable improvement in the quality of patient care and in the patients' quality of life. In addition, the foundation's support in high-quality advanced training and education in the field of Neuro-Urology and functional urology is supposed to contribute to the distribution of the knowledge gained from research and science to physicians, nursing specialists and to the interested public.

In order to achieve these goals the SCF depends on your financial support and the foundation board would highly appreciate your donation.
